Test Project: QA Capstone – OrangeHRM

This project includes manual, automation, and performance testing for OrangeHRM's Login and Recruitment Modules as part of the QA Capstone.

Test Plan: QA Capstone – OrangeHRM Manual Testing Phase 1

This test plan outlines the test strategy, scope, objectives, test environment, and schedule for executing manual functional tests on the Recruitment Module – Vacancies Menu of the OrangeHRM system. The plan includes validation for adding vacancies, search functionality, and field validation for mandatory fields. Test cases will be executed in the OrangeHRM demo site and results tracked in TestLink.
